Good day Harlan,

I understand that you asked on the POG what the status is for receiving e-mail's for our Broadcast Notice to Mariners initiative. Your sixth sense is spot on, you may go to the CG NAVCEN web site now and sign up. Go to subscription services and you will see D1 Sector Boston BNM available. Let me know if you have any issues. We at the Sector will be going live with the new process on the 24th.

Thom if you could pass along to all of the pilots that would be helpful.

North Shore and South Shore contacts please disseminate to your contact list or users you feel will take advantage of E-mail service for current Broadcast Notice to Mariners.

Thanks all in advance.

Regards

Tim Chase (BMCS, Ret.)
